# Keep It With Mine

## Threshold

How can you worry, we've got so much time
The world will keep on spinning and the sun will always shine
If you walk around with both your eyes open
Don't let them know your heart is broken
Just keep it with mine, just keep it with mineYou may be tired, but you're not so very old
We can make changes to the course of this road
If your keeping your heart and mind open
And never stop wishing and hoping
Our children depend on us all
Lets teach them to answer the call
Time is running fast but we're learning at last
Let your heart always shine and keep it with mine
