

# Magic Fly

Chris Cozens

Open up your heart, what do you feel  
Open up your heart, what do you feel, is real  
The big bang may be a million years away  
But I can't think of a better time to say  
    World, hold on  
Instead of messing with our future, open up inside  
    World, hold on  
One day you will have to answer to the children of the sky  
    Look inside, you'll find a deeper love  
    The kind that only comes from high above  
    If you ever meet your inner child, don't cry  
    Tell them everything is gonna be alright  
    World, hold on  
Come on, everybody in the universe, come on  
    World, hold on  
  
One day you will have to answer to the children of the sky  
    Children of the sky, alright  
    Don't take no for an answer, no no, alright  
    Right here, spread love, everybody join together now  
    One race, one heart, love and unity, everybody sing  
        yeah!  
    World, hold on  
Come on, everybody in the universe, come on  
    World, hold on  
One day you will have to answer to the children of the sky  
    World, hold on  
Come on, everybody in the universe, come on  
    World, hold on  
One day you will have to answer to the children of the sky  
    Open up your heart, what do you feel  
    Open up your heart, what do you feel, is real
