

Barefoot And Crazy (Double Dog Dare Ya Mix)

Jack Ingram

The clouds are partin'
The summer suns startin' to burn down on that river
My baby's waitin'
I got the chevy shakin'
Im blazing a trail to get her There she is
Shes got her shades on
And man shes lookin' strong
Mine all mine for the weekend
The cooler's loaded down
We're headed outta town
Jumpin' off the deep end Goin' barefoot and crazy
Me and my baby
Backflip off the flipright bridge
Double dog dare me and I will
Meet me at the bottom with a cool wet kiss
Shes rockin' that bikini top
My hearts skippin' like a rock across that water
Don't ever wanna stop Goin' barefoot and crazy
The sun is droppin'
We got the fire poppin' and
It's lightin' up her blue eyes
With a little bit of luck
It'll heat things up and
We'll be lovin' in the moonlight Break out my old guitar
Sing fishin' in the dark
Baby get ready
We'll take a little sip
We'll take a little dip and
Sleep in the bed of my Chevy Goin' barefoot and crazy
Me and my baby
Just me and her and the man in the moon
Drinkin' on a cold bud brew
Mornin's gonna come way too soon
We'll wake up and
Do it all again
Wishin' it would never end
Anybody asks where we've been
Tell 'em Barefoot and crazy
Barefoot and crazy

Me and my baby
I did a back flip off the flipright bridge
Double dog dared me and I did
Met me at the bottom with a cool wet kiss
Shes rockin' that bikini top
My hearts skippin' like a rock across that water
Don't ever wanna stopGoin' barefoot and crazy
Don't ever wanna stop
Don't ever wanna stop
Goin' barefoot and crazy.
