

Barefoot And Crazy (Double Dog Dare Ya Mix)

Jack Ingram

The clouds are partin'
The summer suns startin' to burn down on that river
 My baby's waitin'
 I got the chevy shakin'
Im blazing a trail to get herThere she is
 Shes got her shades on
 And man shes lookin' strong
Mine all mine for the weekend
 The cooler's loaded down
 We're headed outta town
Jumpin' off the deep endGoin' barefoot and crazy
 Me and my baby
 Backflip off the flipright bridge
 Double dog dare me and I will
Meet me at the bottom with a cool wet kiss
 Shes rockin' that bikini top
My hearts skippin' like a rock across that water
Don't ever wanna stopGoin' barefoot and crazy
 The sun is droppin'
 We got the fire poppin' and
 It's lightin' up her blue eyes
 With a little bit of luck
 It'll heat things up and
We'll be lovin' in the moonlightBreak out my old guitar
 Sing fishin' in the dark
 Baby get ready
 We'll take a little sip
 We'll take a little dip and
Sleep in the bed of my ChevyGoin' barefoot and crazy
 Me and my baby
 Just me and her and the man in the moon
 Drinkin' on a cold bud brew
 Mornin's gonna come way too soon
 We'll wake up and
 Do it all again
 Wishin' it would never end
Anybody asks where we've been
 Tell 'emBarefoot and crazy
 Barefoot and crazy

Me and my baby
I did a back flip off the flipright bridge
Double dog dared me and I did
Met me at the bottom with a cool wet kiss
Shes rockin' that bikini top
My hearts skippin' like a rock across that water
Don't ever wanna stopGoin' barefoot and crazy
Don't ever wanna stop
Don't ever wanna stop
Goin' barefoot and crazy.
