All Around the World

Little Richard

All around the world
Rock and roll is all they play
All around the world
Rock and roll is all they play
You can hear those jukebox jumpin'
All night and all through the dayAll the flat top cats
With their rock and roll queens
Just a-rockin' and rollin'
In their red and blue jeansAll around the world
Rock and roll is here to stay
You can hear those jukebox jumpin'
All night and all through the dayAin't never no time for romance
They only wanna dance
The people all holla when they hit that floor
Go, cat, goAll around the world
Rock and roll is here to stay
You can hear those jukebox jumpin'
All night and all through the dayThey do the Baha
The Texas hop
Shim sham shimmy
And they never, never stopAll around the world
Rock and roll is here to stay
You can hear those jukebox jumpin'
All night and all through the dayNever no time for romance
They only wanna dance
The people all holla when they hit that floor
Go, cat, goAll around the world
Rock and roll is here to stay
You can hear those jukebox jumpin'
All night and all through the day
