The Long Way Home

Neil Diamond

Had to go, had to know all
There was out there.
Now I'm back, I know that, girl
It's all right here.Girl I took
The long way home, it's true,
The long way home to you, yeah
And I just want to say,
I'm home to stay.Ran a lot
Don't know what I
Thought I would find.
Town to town, all I found
Was you on my mindGirl I took
The long way home, it's true,
The long way home to you, yeah
And I just want to say,
I'm home to stay.
(instrumental-piano)
Girl I took
The long way home, it's true,
The long way home to you, yeah
And I just want to say,
I'm home to stay.
Stay,
I'm home to stay
Been a long way, long way home
Long way home, long way home
