Promises (Plastic Plates Remix)

The Presets

All the promises we've been given
All the fires that we've feedin'
All the lies that we've been livin' inAll the promises promises promises
Promises promises promisesAll the promises we've been given, given, given
All the fires that we've feedin', feedin', feedin'
All the lies that we've been livin', livin', livin'
Am I the only one that's still believin'Wouldn't it be nice if we
Could leave behind the mess we're in
Could dig beneath these old troubles return
To find something amazingAnd Wouldn't it be cool if we
Sail this ship to calmer seas
Turn our backs on bush fires burn
Leave it on the coastAll the promises we've been given, given, given
All the fires that we've feedin', feedin', feedin'
All the lies that we've been livin', livin', livin'
Am I the only one that's still believin'I can see you're in it to go
I think we knew this day might come
I hope you'll find what we never ooh
Could never seem to love
But if you find just one reason to return
You'll find me open armsAll the promises we've been given, given, given
All the fires that we've feedin', feedin', feedin'
All the lies that we've been livin', livin', livin'
Am I the only one that's still believin'Wouldn't it be nice, if weWouldn't it be nice
