

# Top Of The Charts

MxPx

They said, We need to kick it harder  
They said, Rewrite the lyrics smarter  
We can't quite smell platinum yet 'Cause everybody wants to be a big celebrity  
Everybody wants to win the lottery From the bottom of our hearts to the top of the charts They said, You need to  
play it better  
They said, Just sing like Eddie Vedder  
And bring us something we can sell 'Cause everybody wants to be a big celebrity  
Everybody wants to win the lottery  
'Cause everybody wants to be like the people on TV  
Everybody wants to see the show for free From the bottom of our hearts to the top of the charts Somebody said it  
right  
When they said, this life ain't easy  
Maybe tonight's the night  
When it all comes down and we get it right 'Cause everybody wants to be a big celebrity  
Everybody wants to win the lottery  
'Cause everybody wants to be like the people on TV  
Everybody wants to see the show for free From the bottom of our hearts to the top of the charts  
From the bottom of our hearts to the top of the charts  
From the bottom of our hearts to the top of the charts
