

Heart And Soul (Acoustic)

Twin Atlantic

I flick the switch on the generator
So I could turn you on
You better get to know your operator
Before you pick that tone
You own the lock and the key
For the window to my soul
Yeah, that's the only thing you talk about
You gotta let me know
'Cause it must have been something
Out of control
Yeah, it must have been worth it
'Cause I had nothing left to show
How you put my life in your hands
When you open up your heart and your soul
Take my love and never grow old, yeah
Open up your heart and your soul
'Cause if you're looking for something to love
You've gotta let me know
I put the sun in an elevator
And took it to my home
I'm still living on a ladder from the sky to the floor
Don't look down
You got a long way to go
And if you wanna live, you better let the mind go
'Cause it must have been something
Out of control
Yeah, it must have been worth it
'Cause I had nothing left to show
How you put my life in your hands
When you open up your heart and your soul
Take my love and never grow old, yeah
Open up your heart and your soul
'Cause if you're looking for something to love
You've gotta let me know
I flick the switch on the generator
So I could turn you on
Yeah, that's the only thing you talk about
You gotta let me know
You gotta let me know
Open up your heart and your soul
Take my love and never grow old, yeah
Open up your heart and your soul
'Cause if you're looking for something to love
You've gotta let me know
Open up your heart and your soul (Open up your heart and your soul)
Take my love and never grow old, yeah (Take my love and never grow old)
Open up your heart and your soul (Open up your heart and your soul)
If you're looking to love
You've gotta let me know
