I Know Better Now

Maggie Rose

I guess I finally got it right
You called me up on a moonless night
You used to know when I was almost gone
It always starts with one mistake and
Picking up was all it take
But this time you had me waiting too longCause I'm lonely
But baby that's just heartbreak
And it ain't gonna kill me
As long as I don't let you back for one last round
There's places
Only you can take me
I used to think you'll save me
No, I know better now
If you'd have called the other day
Well this could have gone the other way
And I'd be somewhere up against your skin
But Heaven sent a little grace
And I woke up in a different place
And I ain't goin' back where I've beenCause I'm lonely
But baby that's just heartbreak
And it ain't gonna kill me
As long as I don't let you back for one last round
There's places
Only you can take me
I used to think you'll save me
But no, I know better nowI could pull you close
I could breathe you in
Say that it's the last time
Again...
Cause I'm lonely
But baby that's just heartbreak
And it ain't gonna kill me
As long as I don't let you back for one last round
There's places
Only you can take me
I used to think you'll save me
No, I know better now
(I know better...)
I know better, I know better now

(I know better...)
I know better now
