Oh, heres a story about a boy named Jay
Nothing he did would ever get in my way
But theres still a long, long way to goIve only ever seen his face on film
Ive only ever heard the lines hed say
But still they wont get in my wayIm always told to be the dreamer kind
Wake up one morning and your dreams are life
Never let them bring you down
Never let them tear me downI always thought that I would follow you
Every place and everything you do
But Im happy to be by myself
I dont need no one elseHes never ever seen my face before
Im trying hard 'cause this I cant ignore
But theres still a long, long way to goIm always told to be the dreamer kind
Wake up one morning and your dreams are life
Never let them bring you down
Never let them tear me downI always thought that I would follow you
Every place and everything you do
But I'm happy to be by myself
I dont need no one elseAll my dreams are built around your face
And this place
All the times of staring at the sun
Youre the oneAll my dreams are built around your face
And this place
All the times of staring at the sun
Youre the oneIm always told to be the dreamer kind
Wake up one morning and your dreams are life
Never let them bring you down
Never let them tear me downI always thought that I would follow you
Every place and everything you do
But Im happy to be by myself
I dont need no one elseIm always told to be the dreamer kind
Wake up one morning and your dreams are life
Never let them bring you down
Never let them tear me downI always thought that I would follow you
Every place and everything you do
But I'm happy to be by myself
I dont need no one else
