Stop the Sun

Elysian Fields

Amber circles stretch astonishing
Silencing glassy water where we've never been
Backwards
Shining waves within each other spin
No one sees them
On the rocks the feeling's sinking in
Reckless
I wanna weep
I wanna run
I wanna stop the sun from setting
oh, don't let it go
Take this kiss I'm blowing through this dream
Silently
All alone you find out what it means
Oh love
I wanna weep
I wanna run
I wanna stop the sun from setting
oh, don't let it go
I wanna spin
I wanna whirl
I wanna stop the world from getting cold
Don't let it go
Baby, It's alright
I will not forget
We'll close it down
We'll come back
I will not forget
I will not forget
While I trace another full moon
Moving us backwards
Still the night
If I could change this restless blindside longing,
Wouldn't I?
Oh I would
I wanna weep
I wanna run
I wanna stop the sun from setting
oh, don't let it go

I wanna spin
I wanna whirl
I wanna stop the world from getting cold
Don't let it go
