Brain Damage

The Waifs

im going out to damage my brain
you wont come you sya your staying at home
its no shame
night and day
we see each other anyway
weve got to move weve got to get away
its a long cold night but theres a better day
wouldnt you say correct me if im wrong
we've got all the good reasons for time on our ownyou see me all of the time
and you see me all of the time
and you see me all of the time
hey throw me some lineits him and her
its this and that
i feel my tyre goin flat
theres no get up and go for gettin it on
we've got all the good reasons for time on our ownyou see me all of the time
you see me all of the time
you see me all of the time
i said hey hey throw me some lineyou see me all of the time
you see me all of the time
you see me all of the time
i said hey hey throw me some lineno no

because i dont wanna hear about it
i dont want to here about it
