

Beautiful Dangerous (feat. Fergie)

Slash

I don't know who you are now
Mystery drenches my brain
I wanna jump deep into your cloud
'Cause something tells me it's gonna rain I hear the thunder thumping and my heart starts jumping
And that's when I spin on the pole
Now my head's exploding and your gun is loaded
So I'm guessing I'm on a roll Well, it's a fine time looking for a one time man
And you said, "Baby, you ready to play?"
Well, come right on this roller coaster
'Cause it ain't over, it ain't over Rebel on this party I'm in love
With all your danger, danger
We can live forever
I can be your pagan angel, angel
Beautiful dangerous You like it smooth like Brandy
Savor the flavor, with delight
You can be sid, I'll be nancy
'Cause sometimes it's more fun to fight I hear the thunder thumping and my heart starts jumping
And that's when I spin on the pole
Now my head's exploding and your gun is loaded
So I'm guessing I'm on a roll Well, it's a fine time looking for a one time man
And you said, "Baby, you ready to play?"
Well, come right on this roller coaster
'Cause it ain't over, it ain't over Rebel of this party I'm in love
With all your danger, danger
We can live forever
I can be your pagan angel, angel
Beautiful dangerous
(Beautiful, it's beautiful, beautiful) Rebel of this party I'm in love
With all your danger, danger
We can live forever
I can be your pagan angel, angel Rebel of this party I'm in love
With all your danger, danger
We can live forever
I can be your pagan angel, angel
Beautiful dangerous
