

Sing One with Willie (feat. Willie Nelson)

George Strait

[Verse 1: George Strait]

I've had a wonderful career

But I think it's quite clear

So I'm writing this down in a song

I just couldn't resist

It's a nice little twist

And I think you'll agree that it's just wrong [Chorus: George Strait]

I ain't never got to sing one with Willie

And I've held it inside long enough

Now I ain't too proud, so I'm going to shout it out loud

I ain't never got to sing one with Willie

[Verse 2: George Strait]

Yeah I've hear him with Merle

Waylon and Cash

Jones had told me, "That man is totally gracious"

And I'm thinking "Damn, why not me?"

We could even sing it on TV

Just like him and old Julio Iglesias [Chorus: George Strait]

I ain't never got to sing one with Willie

And I've held it inside long enough

Now I ain't too proud, so I'm going to shout it out loud

I ain't never got to sing one with Willie [Verse 3: Willie Nelson]

We've travelled back and forth

Up and down that old highway

Wherever our big buses go

And I think that its great

To finally sing one with Strait

And our friends [?], I know

[Chorus: Willie Nelson]

I ain't never got to sing one with Strait

And I think that it's been long enough

Now I ain't too proud, just listen to the crowd

Finally got to sing one with ol' George Strait [Verse 4: George Strait & Willie Nelson]

Look at me now, I'm singing with Willie

Thank you man, you just made my career

[?] something with Strait

It's always gonna be great

And I finally got to sing one with old George [Outro: George Strait & Willie Nelson & George Strait & Willie Nelson]

And I'm really proud
So I'll shout it out loud
I finally got to sing one
With ol' George
With ol' Willie
