

# Throw Your Set in the Air

## Cypress Hill

Every nigga out there wanna be down with the crew  
Some ain't got enough heart, let me ask you this  
Would ya be down like a soldier  
Loyal an' do everything I told yaI can mold ya into a warrior, down for your neighborhood  
Workin' up to a G with the flava  
Criminal behavior, on the mind  
When I got ya back ya know I got ya back each an' every timeThrow your set in the air  
Wave it around like you just don't care  
Throw your set in the air  
Wave it around like you just don't careIt's time to exit that busta nigga  
Get ya hands out ya pockets an' your finga on the trigga  
Let one fly, we don't die, we multiply  
Throw yo' set up in the skyI ask you can 'cause you can't fuck wit this  
Nigga when I got the glock ya betta duck quick  
'Cause I ain't havin' it, if ya got ya gat  
Ya betta start grabbin' it, I can handle itSoy numero uno, mero mero  
You know I run wit Muggs an' the Perro  
Firin' up that heater  
When I'm throwin' up a set I got my nina millimeterLos Scandalous, Killafornia, where I'm from  
Dum ditty dum ditty ditty dum dum  
I'm buckin' on ya ass now ya know where I'm from  
Dum ditty dum ditty ditty dum dumThrow your set in the air  
Wave it around like you just don't care  
Throw your set in the air  
Wave it around like you just don't careThrow your set in the air  
Wave it around like you just don't care  
Throw your set in the air  
Wave it around like you just don't careLet me take ya to the dark side of the moon  
Tell mama that you won't be comin' home anytime soon  
'Cause I got ya under my thumb, nigga, what set ya claimin'?  
Betta be the same set I'm claimin'Take a look around, count this amount of soldiers  
When I'm chillin' on the east side of town  
An' it won't stop 'til I'm done  
Dum ditty dum ditty ditty dum dumThrow your set in the air  
Wave it around like you just don't care  
Throw your set in the air  
Wave it around like you just don't careThrow your set in the air  
Wave it around like you just don't care  
Throw your set in the air

Wave it around like you just don't care
