

Like I Do (Pischinger & Dermota Remix)

Lee DeWyze

He won't know you like I do
You were standing there
With street lights in your hair
And you were on the arm of someone unaware
That I was standing there, as if my bones were there
And when our eyes collide
The ghost of us appears
To remind you he won't know you like I know you
He can't love you, like I love you
Cause he don't know you like I do
No, he don't know you like I do
And he can't love you like I do
And he can't love you like I do
Oh I'm tryin' to speak
And the words fall carelessly
On to the ground, and Wile up around your feet
And darling truthfully
I stare in disbelief
That someone else is taking you away from me
Just remember
He won't know you like I do
And he can't love you more than I do
Some part of you knows it's true
That He won't know you like I do
No He won't know you like I do
And he can't love you like I do
And he can't love you like I do
He won't know you like I do
No He won't know you like I do
And he can't love you like I do
And he can't love you like I do
