

# Diane (Meow Mix)

## Guster

The secrets that we keep  
We say them in our sleep  
And wrestle down our souls if we would speak  
I watched you board a train in the London rain  
And waved bye-bye as you slipped out of view

Diane

We'll make it out together  
In your dreams when the smile now comes,  
You're mumbling words with a lazy tongue.

We lie together when we say its love,  
Who were you just thinking of, Diane?

Diane

Diane, I don't say it, but I know you know  
The theme returns so deep  
And visits us in sleep  
To define the you and I as we  
So we pass the time and occupy our minds  
And close our eyes and hope that we'll be fine

Diane

We'll make it out together  
And I may leave in time you'll see  
I'll come right back for you
