Billy Club

Lagwagon

Billy club has got his strength it places him above them the feeble incompletes billy club has found his pride he looks down on their state the verdict justified it's self-defense it's vigilance it's nature's call oppose them all the lesser ones are the vital threat he needs them billy club has got his faith he's followed every lead set down in history billy club has found his place it's comforting and cold it's here he realized his role and here it comes that old defense he's consequence but he has chosen the iron grip his billy club desensitized. he's everywhere he's anyone. he's every... billy club has got his strength for this world [repeat]
