Goodbye Sunlight

Inbound

Sky is gray
Or so they say
I'm stuck in my room
Wasting away
All I've got
Is frantic thoughts
I close my shades
As I start to tie my knot

Goodbye
Sunlight
I'm not
Coming back again

â€‹

I am done
I've had my fun
I wrote it down
For everyone
Birds sound sweet
In every tweet
And an inch of space
Beneath my feet

Goodbye
Sunlight
I'm not
Coming back again

The tide will rise
Even once you've died
Don't give away
And don't sacrifice
An uneven slope
A weighted rope
No matter what
Don't give up hope

Goodbye
Sunlight
I'm not
Coming back again
