

Not Getting Your Name

Tyler Hilton

Hello Miss, I'm sorry, I didn't catch the rest
When it comes to women, baby, you know I'm not the best
Everyone I see makes it matter less anymore
Then again I've never felt this way before And girl, I don't know you so I walked away
Just goes to show you, I should have got a name
To go with a face that I'll never forget
Deep in my heart I'll always regret I'm not getting your name
Not getting your name
Not getting your name, baby
I'm not getting your name Well, I tried to be cool but your smile took me out
I tried to be slick but I was just a fool standing around
I hope this is the first song that your heart has ever really heard
'Cause I wrote the music, baby, you wrote the words Yeah, I shouldn't have let ya' if I hadn't of met ya'
Do this on the day I'm leaving
But now that you got me your everything, baby
I haven't stopped believing, no, no I'm not getting your name
Not getting your name
Not getting your name, baby
I'm not getting your name I'm looking for forever always
In the sky and on the bi-ways
I don't care how I look to the rest, yeah, yeah I'll walk away and pretend my thoughts are over
Man, what would it be like if I was some kind of Casanova?
Romeo even knew he had the touch
I'm no star crossed lover, baby, just plain in love And baby, it's true that it could be you
I'm thinking about while I'm singing
And if you can help being all by yourself
Make my phone start ringing Yeah baby, I'm not getting your name
Not getting your name
Not getting your name, baby
I'm not getting your name Not getting your name
No, I'm not getting your name
Not getting your name, baby
I'm not getting your name No, no, I'm not getting your name
No, no, no, I'm not getting your name
Not getting your name, baby
I'm not getting your name No, I'm not, no, I'm not
I'm not getting your name, baby
Not getting your name
Not getting your name
