Never ever ever never

Rain falls then the sun rises
The weather is just like my heart
I cry then I laugh, walk then I run

Disappearing like a dream
Rain falls then the sun rises
The weather is just like my heart
Itâ€™s cloudy then itâ€™s clear, tears fall
Then I pretend Iâ€™m fine

Iâ€™m a nice girl, already wishing for your happiness
I wanna be with you
But I will pray for you baby

Never ever, I canâ€™t give up on you
Never ever, Iâ€™m writing down
each letter of your name
Never ever, donâ€™t hide from me
Never ever, donâ€™t leave me
I canâ€™t breathe without you, not for 1 minute 1 second

Never ever ever never

I hope this is a dream when I close my eyes and open them
I pray and pray then I get tired and fall asleep
I keep having the same nightmare
I canâ€™t escape from it
I hope this is a dream when I close my eyes and open them
I pray and pray then I get tired and fall asleep
Then it repeats again
Please just leave me alone

Iâ€™m a nice girl, already wishing for your happiness
I wanna be with you
But I will pray for you baby

Never ever, I canâ€™t give up on you
Never ever, Iâ€™m writing down
each letter of your name
Never ever, donâ€™t hide from me
Never ever, donâ€™t leave me
I canâ€™t breathe without you, not for 1 minute 1 second

Itâ€™s foolish but you know Iâ€™m this kind of girl
So please, this is my last favor
If you ever run into me
Will you please smile at me, who canâ€™t forget you?

Never ever, I canâ€™t give up on you
Never ever, Iâ€™m writing down
each letter of your name
Never ever, donâ€™t hide from me
Never ever, donâ€™t leave me
I canâ€™t breathe without you, not for 1 minute 1 second
