Keep Me Away

Kink

It's holding me inside
Keeping my secrets from me
You aren't here to help me sleep, sleep
It keeps me alive
Freezes emotion inside
While you're locked inside my dreams, dreamsOh I pray for you to leave me alone someday
It's too late, I can't find the love amidst this hate
Keep me away
I am your slave
I need to stay awake tonight
You're another sin
Please let me in
I can't go on without your liesIt's holding me down
My face is on the ground
And now I've lost what I had found, found
Burning desire
I know you're a liar
But only you can take me higher, higherOh I know that you will never let it show
You won't slow, and I can't find the strength to let you go, oh ohKeep me away
I am your slave
I need to stay awake tonight
You're another sin
Please let me in
I can't go on without your liesI want it
I need it
I need to stay awake tonight
Desire
Like fire
But only you can take me higher, higher, higherKeep me away
I am your slave
I need to stay awake tonight
You're another sin
Please let me in
I can't go on without your lies
Keep me away
I am your slave
I need to stay awake tonight
You're another sin
Please let me in

I can't go on without your lies
