

# Genocide

[T.M. Stevens](#)

We've been beating cheeks for the better part of our existence  
Constantly spreading disease of our humanity

Rotting her... Out

We've been fucking this whore  
Mother earth for awhile  
She's a filthy bitch anyway [x2]

Rotting her from the inside  
Penetrating deeper and deeper every day  
We are at our end  
So let's continue to move forward and destroy ourselves

Rotting her... Out [x2]

Genocide of all humanity  
Genocide of your reality [x2]
