The Essence

Firewind

The more I know, the more I hear
It only makes me think
Uncertain is our time, and dear
And what is to remain?You walked through fire
You carried your own cross
And you can't deny it
The sickness has no causeIn my darkest and sleepless nights
I want you to stand by my side
In the coldest of all times
I want you to be the lightThe essence of it all
It's to live your life
Cause right before the storm
A new hope will arise
You have to face it
The battle for you
Life has just begun
Oh, there's no denying
Still fighting through the
Shadows of your soulSo I'm starting to
Lose my own faith
Feels like noone's around
Confusion is dazing my life
I have to conquer my fearsThe essence of it all
It's to live your life
Cause right before the storm
A new hope will arise
The essence of it all
It's to live your life
Cause right before the storm
A new hope will ariseThe essence of it all
(The essence of it all)
It's to live your life
(No, no, no)
Cause right before the storm
A new hope will arise
