

Lonely's the Only Company, Pt. 1 & 2

Maxwell

Lonely's the only other company
Less you're the love no other love can be
Lonely's the only other company
Less you're the love no other love can be Since you went away my heart
It's ripped into shreds torn apart
'Cause baby Lonely's the only other company
Less you're the love no other love can be
Since you went away I just
Look into all other faces with no trust
'Cause
Lonely's the only one
Lonely's the only love
And Im lonely just because
You left me lonely
Oh baby
Lonely's the only other company baby!
Lover there ain't no other
Since you went away from me
Oh Baby
Since you went away from me
Lonely's the only other company
Less you're the love no other love can be
Since you went away from me
Lonely's the only other company
Less you're the love no other love can be
Since you went away from me
