Believable

Praying Mantis

There's no day where the night belongs
A thousand rights won't solve the wrongs
Still you feel alone, so alone
History cannot pretend, with shields of steel you still defend
Those broken hearts, those broken dreamsNow you ride once again, freedom is your friend
Everybody sees that time is forgiving
Living with your pride, nothing more to hide, it's believableThe battle of life we fought it before it's defeatable
The portal of time this parallel line it's believable.
It's believable, defeatableNow we know your hidden pain
A silent voice still heard the same
Reaching out alone, still you feel alone
Breaking down the walls of feeling, those stolen hearts now they're beating
Will they ever die
Memories never lie
You ride once again, freedom is your friend
Everybody sees, this is not the end
Now you're standing proud, shout it out aloud it's believable
