

The Bunny Song

Gang of Thieves

Hoppin down the road to get back home
I grabbed another bushel Iâ€™m in the zone
If I only had it all my way
Iâ€™d have my veggies in my cave and I would never be late
Coming down the barren hillside crest
Full and happy feeling better than best
Turning back I see a group of ten
LOOKING AT ME LIKE THEYâ€™RE GONNA GET PHYSICAL

My quake will break your halo
No trace my haste donâ€™t lay low
You wanna die alone?
You better back away you better back away

Waking up again in front of my den
With the sun beaming down on my head
Donâ€™t remember how I got there then
I saw the bodies of the people lying down in the bend
What a sorry end to so many minds
Now theyâ€™ll never have a question to find
Look I see another couple alive
LOOKING AT ME LIKE THEYâ€™RE GONNA GET PHYSICAL

My quake will break your halo
No trace my haste donâ€™t lay low
You wanna die alone?
You better back away you better back away

Itâ€™s awful quite â€˜round the cave these days
Been feeling like my mind is covered in haze
Wish I had someone to talk to now
As I feel my body start to slip away into doubt
Through the wide eyes of a deep red sea
My reflectionâ€™s staring straight back at me
Then the brightest light to grace the world is
LOOKING AT ME LIKE ITâ€™S GONNA GET PHYSICAL

â€œEXPLOSIONâ€•
