

# I'm In a Different World

## Jermaine Jackson

In this world of ups and downs my dreams all fall through

Things just don't work out, no matter what I do

Disappointment haunts me, through each lonely day

The world around I see, in only shades of grayBut when the love light shines upon my face

I'm in a different world

A world I never knew, I'm in a different world

A world so sweet and true, I'm in a different worldI'm no longer just another face in a crowd

Hey, look into my eyes, you'll see I'm strong and I'm proud

You are all the sweetness of my life, you see

You have brought heaven right here on earth to me

No man of wealth, I know I'll ever be

But I'll be satisfied just knowing you love meOn the stage of life I've played a loser's part

It seems like I've been down right from the very start

Every time I lift myself up off the ground

Something always happens to bring the curtain downBut when your love light shines upon my face

I'm in a different world

A world so warm and sweet, I'm in a different world

Now that you've been loving me, I'm in a different worldEach time you speak my name or put your hand in  
mine

The empty life I knew, I leave it far behind

'Cause you gave me the love that I truly felt

Most of all you made me believe in myself

You're more than a love to me, you're my way of life

I'll forever cherish you, more each day and nightOh,

I'm in a different worldA world that's warm, a world that's sweet

A world that's every bit complete

A world that's real, you've made me see

All the beauty surrounding me

Oh, look what you've done for me

Oh, look what you've done for me

I'm in a different world, now that you've been loving me

I'm in a different world, and that's where I want to be

I'm in a different world, now that you've been loving me...
