Timeless

Kate Havnevik

Timeless;
Love is a cure.
A promise, still so pure.
Rise like the tide,
No need to hide.
Fearless,
Just like before;

Oh, here we go
They're all waiting for a cure.

Breathe in and let go
I've seen how you crawl
Flicker and hover
Still changing colors
But nothing can break this calm

Oh, here we go
They're all waiting for a cure

Oh, here we go
They're all waiting
For a cure
