Become One Anything One Time

The Promise Ring

Wood water, when the shoe don't fit
All the news just has your name on it
And it's an open door when the bricks are laid
But you've got space for something moreYou gotta have some faith
When you give up ground, lose the fight
Still toast the day, I'm left with pillow talk
And all I hear is whispering and heavy heartsHanging 'round you beat the seasons
You can't keep up but they can't keep you downNow I'm just happy you stuck around
Yeah, I'm just happy you stuck around
And we're all altogether nowBecome one, anything, one time
All of our learned things
Like angel wings, heartstrings
Books parties and tangerinesUp in smoke rings at the end of the day
Oh, Mary could not say nicer things
So it's a curtain call and I can't feel
The blood in my lips move at allNow I'm just happy you stuck around
Now I'm just happy you stuck around
And we're all altogether nowHanging 'round you beat the seasons
You can't keep up but they can't keep you downYeah, I'm just happy you stuck around
Yeah, I'm just happy you stuck around
Now I'm just happy you stuck around
Yeah, I'm just happy you stuck around(Become one, anything, one time)
Yeah, I'm just happy you stuck around
(Become one, anything, one time)
Well, I'm just happy you stuck around(Become one, anything, one time)
I'm just happy you stuck around
Become one, anything, one time
