Daytona

Jim Clarke

Diamond dream when the sun don't shine
I close my eyes to see
Twelve wild horses in silver chains
Calling out to me

Oh Daytona, shine your light on me
Oh Daytona, shine your light on me

Now she ain't easy so you take good care
Or she will scream down on your lust
She can please you like no other
Or she can leave you eating dust

Oh Daytona, shine your light on me

Burning passion heat my day
Let me sit inside your wonder
Cloudless daydream, oh dance of dances
To have tamed the sound of thunder

Oh Daytona, shine your light on me
Oh Daytona, shine your light on me
