

2 Fisted

40 Below Summer

Here we come gonna shake up the earth
Here we come gonna kick up some dirt
Here we come hide your women and your weed
Here we come and we spread like disease Here we come with the funk rain sleet hail snow
Here we come with the funk its time to let you know
Here we come fill the air like a shotgun blast
Kick in your face than take out the trash Why can't you believe in the words don't you ever listen
Now do you believe that we won't go away
What can't you believe in the words we won't go away Step off I can't take it step off I'm deranged
Step off I can't fake step off before I go insane Blowing up like you knew that we would
River rat style gonna give it to you good
Running ya down when I take to extremes
Whipping that ass like Austin 3:16 Who can ignite give it to ya right
Shake up the ground all goddamn night
Kapok how ya like me now
Burning hot going off like kaklow, kaklow Why can't you believe in the words, don't you ever listen
Now do you believe that we won't go away
Why can't you believe in the words, we won't go away Step off I can't take it step off I'm deranged
Step off I can't fake step off before I go insane
Step off I can't take it step off I'm deranged
Step off I can't fake step the fuck off Nothing you could take from me
Even if you make me bleed, I won't drop
Step off you can't take me down
Leave you buried in the ground I wont stop [repeat
I'm straight at you 2 fisted Aw yeah, gonna flex for you
This is the way I bring wreck and snap necks in two
Bad ass, crazy bastard
One, two, mike check, the lyrical assassin Heads up when the sound comes crashing
Like a train wreck to the heads that we done smashed in
Hard like the man of steel
You stepping up you get crushed beneath the wheel what? Ya better change your direction
Step back and get some protection
You don't want none of me
I see that look in your eyes like I'm a side show freak
