Bring Out Your Best

We The Kings

And I'll take you home and show you love
Under the sheets weÂ'll make this night seem like itÂ's way too short
Your hair rest gently on your chest
And girl IÂ'm such a mess for falling into this

I place myself for you
Â'Cause thatÂ's all I can do

Make sure you know to bring out your best
WeÂ'll make this last until the night itÂ's done
WeÂ'll listen to the sounds of our hearts beating fast
We dove at first, just look at what weÂ've done
We were right to be so wrong, this time

And IÂ'll lead you up the stairs
Your knees get weaker with a step
YouÂ're taking to the room
Your cheeks plus redder that your lips
I feel your breath reach on my neck
You lock the door behind my back

I place myself for you
Â'Cause thatÂ's all I can do

Make sure you know to bring out your best
WeÂ'll make this last until the night itÂ's done
WeÂ'll listen to the sounds of our hearts beating fast
We dove at first, just look at what weÂ've done
We were right to be so wrong, this time

Uh uh, lalala, uh uh
Uh uh, lalala, uh uh

Make sure you know to bring out your best
WeÂ'll make this last until the night itÂ's done
WeÂ'll listen to the sounds of our hearts beating fast
We dove at first, just look at what weÂ've done
We were right to be so wrong, this time

And IÂ'll take you home and show you love

Under the sheets weÂ’ll make this night seem like itÂ’s way too short
(We were right to be so wrong, this time)
And IÂ’ll take you home and show you love
Under the sheets weÂ’ll make this night seem like itÂ’s way too short
(We were right to be so wrong, this time)
