

TV Makes the Superstar

Modern Talking

TV makes it, TV even breaks it
TV makes it, TV even breaks it You'll take your chance, to be the one
And anything a possible, if you are strong, oh yeah
Sometimes you're up, sometimes you're down
But you feel it in you heart, you can't go wrong You are so nervous, just every single day
Here a voice from Heaven, you'll find your way, oh TV makes it, TV even breaks it
TV makes the superstar wherever you are, oh yeah
TV makes it, TV even breaks it
TV makes the superstar, sometimes it's so hard TV makes a star, makes a superstar, shows you a crazy life
TV takes you high and takes you low, will your hope survive?
TV makes a star, a superstar and it makes your dream come true
TV makes you laugh and makes you cry, do it just for you Don't be so sad, you're not the one
There's another chance for you, keep holding on, oh yeah
Just take your time and you will see
You can win it if you want, oh, just like me You need something to live for, every single day
I'll keep my fingers crossed, you'll find your way, oh yeah TV makes it, TV even breaks it
TV makes the superstar wherever you are, oh yeah
TV makes it, TV even breaks it
TV makes the superstar, sometimes it's so hard TV makes a star, makes a superstar, shows you a crazy life
TV takes you high and takes you low, will your hope survive?
TV makes a star, a superstar and it makes your dream come true
TV makes you laugh and makes you cry, do it just for you One, two, three, four
TV makes it, TV even breaks it Oh, TV makes it, TV even breaks it
TV makes the superstar wherever you are, oh yeah
TV makes it, TV even breaks it
TV makes the superstar, sometimes it's so hard TV makes a star, makes a superstar, shows you a crazy life
TV takes you high and takes you low, will your hope survive?
TV makes a star, a superstar and it makes your dream come true
TV makes you laugh and makes you cry, do it just for you TV makes it, TV even breaks it
