

East Infection

Gogol Bordello

To protect this generation
from the raging east infection
market another british invasion
or 80-th regurgitation
or more cultural inbreeding
oor more garbage prefeeding
to protect this generation
from the east infection!

aiaiaiaiaiaiaiaiaiaget down here as a cheap labor force
but i beat the system everywhere i goes
no matter how many times i get ordained
the message is still the same:
