

# Until We Die (Filip Le Frick Remix) [Bonus]

## Sonny

(Verse 1)

Am I in a dream?  
Spotlight, Limousine  
Model chicks all around me  
Damn I think its real  
I can feel my heartbeats

Getting crazy

(Pre-Chorus)

Lets go!!!

We gonna love  
We gonna dance  
In this club  
Until we die die die die  
We gonna dance  
We gonna Love  
In this place  
Until we die die die die

(Chorus)

We're dancing like we're crazy  
And we don't give a da-a-a-a-a-amn  
And if I touch you there and kiss you there  
Put the blame on your body e-e-e eyeah

(Rap Bridge1)

huh, yo  
Baby  
Come here  
Next to me  
Imma show you how we roll  
Its ecstasy  
Tell a friend tell a friend  
How we do, how we play  
Yeah we run the game  
And Imma put this glass up  
Like its my first  
Cause everybody here know it aint my last  
Dont need to make it last  
Dont need to make it last  
Gimme one more!

(Verse2)

Who wanna come with me  
Up the the V.I  
The chance of a lifetime  
Everythings on me  
Spending money and living my life  
Dont think about tomorrow  
You just gotta follow the beat  
And move your feet  
You know when Im ready to go  
And the night is complete  
You can feel my freak  
(Pre-Chorus)  
(Chorus)  
(Rap bridge 2)  
Yeah, yo  
Shawty  
Were getting to the end  
Two-thousand ten, eleven, twelve  
BOOM!!  
Get ready for the Big bang  
Its a pretty fly ending. Isnt it?  
DAMN!!  
I know its better on the other side  
Come on and lets take a ride  
Were alive  
Were alive  
And well stay up until we die  
(Pre-Chorus)  
(Chorus)
