

I Can't Wait To Meetchu

Macy Gray

I tried to live without you
What a misery it turned out to be
Sorry for the times I doubted ya
Can't seem to get nowhere 'less you're next to me And everyday I wonder what it would be like
Just to see the one who's always be my side
Lookin' out for you and I do my best to do right got to get to the way up high
I can't wait to meetchu
Love the life you've given but I'm looking forward to the day I die
I can't wait to meetchu So glad to have a love that's true
And I wanna thank you now for seeing me through
I'll never be the fool to go astray
Wanna stick with you always, always And every day I wonder what it would be like
Just to see one who's always be my side
Lookin' out for you and I do my best to do right got to get to the way up high
I can't wait to meetchu
Love the life you've given but I'm looking forward to the day I die
I can't wait to meetchu I do my best to do right got to get to the way up high
I can't wait to meetchu
Love the life you've given but I'm looking forward to the day I die
I can't wait to meetchu I'll never be enough to give what you give me
But I could sing my heart out for you and tell everybody
All that he asks of us is only to believe
Dissapear your low, low, lows and your woe, woe, woes
Just like that, it's nature fact I can't wait till he gets back I do my best to do right got to get to the way up high
I can't wait to meetchu
Love the life you've given but I'm looking forward to the day I die
I can't wait to meetchu I do my best to do right got to get to the way up high
I can't wait to meetchu
Love the life you've given but I'm looking forward to the day I die
I can't wait to meetchu
