

Everything's Okay

Hank Williams

I went to the country just the other day
To see my uncle Bill and sorta pass the time away
I asked him how he'd been since last, I'd passed his way
He rubbed his chin, here's what he had to say
My wife's been sick, the young ones, too
And I'm darn near down with the flu
The cow's gone dry and them hens won't lay
But we're still a-livin', so everything's okay
The hogs took the cholera and they've all done died
The bees got mad and they left the hive
The weevils got the corn and the rain rotted the hay
But we're still a-livin', so everything's okay
The porch rotted down that's more expense
The darned old mule he tore down the fence
The mortgage is due and I can't pay
But we're still a-livin', so everything's okay
The cow broke in the field and eat up the beans
The darn rabbits they got the turnip greens
And my ma-in-law just moved in to stay
But we're still a-livin', so everything's okay
My land's so poor so hard and yeller
You have to set on a sack of fertilizer to raise an umbreller
And it rains out here nearly every day
But we're still a-livin', so everything's okay
The wells gone dry and I have to tote the water
Up from the spring about a mile and a quarter
My helper, he quit for the lack of pay
But we're still a-livin', so everything's okay
The house it leaks it needs a new top
When it rains it wets everything we got
The chimney fell down just yesterday
But we're still a-livin', so everything's okay
The corn meals gone and the meat's run out
Got nothin' to kill to put in the smokehouse
The preacher's comin' Sunday to spend the day
But we're still a-livin', so everything's okay
The canned stuffs spoiled else the jar's got broke
And all we got left is one old Billy goat
We're gonna have a new baby about the first of may
But we're still a-livin', so everything's okay
My crop it rotted in the ground
I asked for another loan but the banker turned me down
But we're still a-livin' and we're prayin' for better days
So after all, everything's in pretty good shape
