

Tatooine

Phineas

Twin suns of Tatooine
Taught me everything I know
Twin suns of Tatooine
Taught me everything I know
There's room up there for second chances
Singles are fine but doubles are fantastic
I'd like to think that there's a star for me and you
Spinning round, falling for one another
Twin suns of Tatooine
Taught me everything I know
Twin suns of Tatooine
Taught me everything I know
Solos are fine but duets are romantic
A pair is grand but a trio'd be disastrous
I'd like to think that there's a star for me and you
Spinning round, falling for one another
