

It Yearns

Mystikal

*In case you don't know, 'It's yearn' is the same as 'it's yours'(Intro, some guy talking)

Old school niggas. (IT'S YEARN!)

True hip hop niggas. Ha, ha. (IT'S YEARN!)

This something y'all niggas can dance to.[Verse 1]

LIKE THAT!

I be a black muthafucka from the 12th ward

I want some bullshit niggas (?) hittin em hard

I hit em with more (?) I make em run

I made a lot of noise with the shit I done

I give y'all a chance to roll but y'all niggas can't roll

Sit your ass down, let me show you how it go

I thought I showed you last time, when will you learn?

Watch what you ask for, nigga, IT'S YEARN![Verse 2]

The maniac brotha's back with another dramatic track

Crossin my path struck you like you a black cat

Maniac, abused, used, and abused

Try your luck and bring a pack for the horseshoes

You got nothin to lose, it just might help you out a bit

Shit, I doubt it

You're better off dead, goin head to head with a nigga like M-I-K-E

Your best bet's to pack your shit

Calm your head, bleedin bitch

Sucka tragic you'll never get none

You better leave cause you only get one

Chance to make a break for it

Uh huh, leave now or get the pow

Get the fuck out this area, I'ma have to bury ya

Mo thug, I draw blood

Whip that ass, leave ya face down in the mud

Militant, bitch I might be

But that's a risk you take when you fuck with me

Headlocked, yo I dirt ya like a nacho

Shit you go, bigger than G.I.Joe

You ain't know? I thought you knew

This time you can have it, it's for you

IT'S YEARN! X 3[Verse 3]

Come on, come on

Well come away sucker fake MCs in the place

There's only one Mystikal so make no mistake

Comin straight in your face, sucker MCs I hate
Rhymes bite you in your ass like a rattlesnake
 Bout your screamin no way
 Bitch you won't escape

I'm like a boa 'stricter I kill, I suffocate
Hittin harder than Hitler, no slidin, no livin, no jivin
Got more niggas runnin and hiding than Batman and Robin
 Takin out adversaries with rhymes I wrote

The sucker (?) I'm the antidote
I the conductor of shive rhymes
 (...?....)

Stretch like elastic, pure fantastic
Lift off and burnin MCs like amino acid
Nigga please don't try to battle, it's suicide
Those who have time watch me I do survive
This is only a suggestion, so ask no questions
Try and digest my rhymes bitch you get indigestion
 Wrote this as a lesson so you will know
 Comin hard muthafuckas this physical

Be pussy bitches in my fans I brought a dime and
Understand I'm comin strong nigga harder than He-Man
With these hands, nigga laying face down on the curb
 IT'S YEARN![Verse 4]

Some murderer got the nerve to talk about me
 Bitch I never heard of ya
That's a shame, you got the blame cause you're blind
You know my name, the M to the Y, S-T-I, the K-A-L
Rebel, ya smell, ya fell, ya tell, ya sell, hotter than hell
 Soft as hell, I might as well SPELL!
I'm a big marine, M-I-K-E, you figure weaker then me
I speak uniquely, how in the fuck do you plan to beat me
 Ruler of hip hop, left ya shell shocked
 Scare the fuck out ya like Alfred Hitchcock
 Don't wanna be bothered (..?..)

I'm a rough motherfucker from the 12th ward
Never left nothin undone, breakin jaws for fun
Cocky as Paul Bunyan, have ya cryin like onion
Flyin low, a soldier born, ya chicken's choked
 Explosive, bitch I'm the one that wrote this
 I scream like rebel with the sword and snake
Your boss come to battle, it's not your week
 I reverse my verse, I love to curse
You won't be the first muthafucker in the back of a hearse
 Stomp, pop, clap, havin the last laugh
 Then, I step back and grin at your dumb ass

Watch me burn, can't miss my turn

Like, do you want it?

IT'S YEARN! X 2
