

As Far As It Goes

[George Strait](#)

Lately I've found myself fallin'
Deeper in love with you
I'm not the kind of guy
Who gets swept away
So here's what I'm gonna do
I'm gonna give you this heart of mine
But that's where I draw the line[Chorus]
I'm only gonna give you everything
Take it a mile beyond the end of the road
I'm gonna love you one day past forever
But that's as far as it goes I know it may not sound like much
But baby, make no mistake
I'm gonna treat you with more tenderness
Than any one woman can take
I'm gonna make all your dreams come true
But after that, baby, I'm through[Chorus] You've got your limits, I've got mine
I'm only gonna go the distance
Time after time[Chorus] But that's as far as it goes
