

Inside the Outside

Love and Rockets

To see beyond the outside
It's to keep your thoughts alive
With a song inside it's never cold
With a song inside it's never cold outside
To see beyond the outside
It's to keep your thoughts alive
With a song inside it's never cold
With a song inside it's never cold outside {If you've built something from the inside out
Then you won't have any difficulty in penetrating
From the outside in }
