

# Sex Education: Ghetto Style

**Gil Scott-Heron**

I was doin' it when I was a colored boy of eight or nine or ten  
I had never heard of Sigmund Freud but hell I was doin' it then  
I was doin' it in my teenaged years when I was running the ghetto streets  
Now I had never seen me no ink blot test but it still felt good to me  
I was doin' it when I arrived in college searching for my degree  
But Lord knows a degree wasn't all I got and that's the way it's supposed to be  
I hope that when I have kids of my own they really don't get shook  
When I tell them that there are things they've got to learn that can't be found in books.
