

# Raising Hands Raising Hell Raise 'em High

## The Wind and The Wave

This body isn't mind, but I got a heart of gold  
And i'm sitting in a desk nailed to the floor doing everything i'm told  
Doing everything i'm told You dragged me to the doctor and you didn't tell me why  
A nine year old in headphones raising hands, raising hell, raise 'em high  
Oh you better raise 'em high Oo hoo  
You don't even know, you don't even know  
Oo hoo  
You don't even know, you don't even know  
Yoo hoo  
Say you don't even know, you don't even know  
Oo hoo I don't wanna go to church no more, I don't wanna go to school  
Got jesus on the dashboard and the devil's  
Sitting in a pew right next to you  
Oh he's right next to you, My brother had a baby, and well I don't tell the truth  
My sister's smoking pot, breaking hearts  
Breaking bad, breaking rules,  
Oh we're gonna break some rules Oo hoo  
You don't even know, you don't even know  
Oo hoo  
You don't even know, you don't even know  
Yoo hoo  
Say you don't even know, you don't even know  
Oo hoo Hey, hey, hey
