

Brooklyn On a Saturday Night

Neil Diamond

Some they come for the dance
And some they come for the fight
Either way take your chance
In Brooklyn on a Saturday night Yeah, that's how they happened to meet
When they met, it was right
Fell right in with the beat
In Brooklyn on a Saturday night He had nothing much planned
She was there with a man
But when he saw her,
He couldn't ignore her The whole thing just got out of hand
On Saturday night
It happened out in
Brooklyn on a Saturday night Saturday night, yeah
Talkin' 'bout
Brooklyn on a Saturday night
Saturday night, yeah Oh, she meant to be good
And oh, he tried to do right
But things got misunderstood
In Brooklyn on a Saturday night He ended up having some words
With that punk
Who brought her there first
She came between them, A sharp blade was seen
And she ended face down in the dirt
On Saturday night
It happened out In Brooklyn on a Saturday night
Saturday night, yeah
Talkin' 'bout
Brooklyn on a Saturday night Saturday night, yeah
Yeah, some they come for the dance
And some they come for the fight
Either way take your chance In Brooklyn on a Saturday night
No
Oh No
Saturday night Happened out in
Brooklyn on a Saturday night
Saturday night
Talkin' bout Brooklyn on a Saturday night
Saturday night, yeah
Saturday night
