Stereo Soldier

Little Mix

Boy step a little closer
Cause I don't think you've heard these words before (yeah)
Lay me left and rock me right, baby lift me up so high
Take me to another world (ye-yeah)'Cause no one else will do (woo)
Don't wanna be by myself
I wanna be dancing with you'Cause you're my stereo, stereo, stereo soldier
Oh oh, oh oh
My stereo, stereo, stereo soldier
Oh oh, oh ohAll I need is the beat in my feet, let me lose control
Get me loud, get me now, take my heart, baby take my soul
Right, leftRun the beat and blow my speakers
And make me feel like I'm the only girl (yeah)
The way we move is so in time
I'm the rare, got the skills to blow my mind
They don't make 'em like you no more (ye-yeah)I'm in heaven now, so in love
Lay your weapons down, and turn it up
Up, up, up, up (wooh)And be my stereo, stereo, stereo soldier
Oh oh, oh oh
My stereo, stereo, stereo soldier
Oh oh, oh ohAll I need is the beat in my feet, let me lose control
Get me loud, get me now, take my heart, baby take my soul
Right, leftCan you save me?
Can you set me free?
'Cause I need to feel alive
Oh we have to survive'Cause you changed me
And now I believe
And I need to feel alive
Oh we have to surviveStereo, stereo, stereo soldier
Oh oh, oh oh
My stereo, stereo, stereo soldier
Oh oh, oh ohAll I need is the beat in my feet, let me lose control (let me lose control)
Get me loud, get me now, take my heart, baby take my soul
Right, left
