

# Extasy

DJ Baxx

Yeah, yeah, uh uh, you don't want it  
You one of them jokers there  
Split it in half nigga  
Gimme that vodka water too, yeah  
World get on one if you're not afraid to fly  
You need to get on a flight and fly tonight  
Run up in the hottest clubs so high  
That tonight for these hoes is nuttin' but love  
We're feelin' extra, extraordinary freaky  
And I know you hoes wanna roll with me  
I shoot by the bar, place my order  
Big baller orderin' all that damn water  
I head up to VIP thug style  
Like wow, nobody sippin' on Cristal?  
They all got an Evian or OJ  
And shorty that I just met, name was Candy  
Said she like this true candy to bring it up  
I said that's cool with me as a ass to touch  
She said, "Rule you scandalous," lick the lips  
Popped another one and grabbed my nuts  
I said, "I fuck so fabulous on ex' all night  
Nothin' but sweat and rough sex  
Now, ya know what's next, we up to high noonin'  
Ain't slept yet and girl it's so good"  
I don't wanna control ya  
Just wanna make ya mine  
And when your life's outta order  
Just have a good time  
And extasy, I wanna fly  
And bring ya sex in me, I feel right  
Extasy, I'm flyin' high  
When ya sex in me I feel right  
Extasy, I'm gonna fly  
And when ya sex in me I feel right  
Extasy, I'm flyin' high  
And when ya sex in me it's so right  
Yeah, yeah, bitch, c'mon and fly high, baby, just you and I baby  
Gotta flight that leaves at a quarter to nine  
Anybody boardin'? C'mon then we ballin', wow

And full of Remy, hard to keep my balance  
So when I'm in Mo, all of you hoes got the talent  
High feelin' like it's all love and no violence  
Full sweat, bloodshot eyes and large pupils, X-men  
This is some shit that I could get used to  
I usually blow weed with intentions to OD  
Drink Evian slowly when I'm on E  
And only those who feel me gonna hear me  
Especially hoes in extasy  
We got the murder man, that's the spot to chill

Got bitches poppin' pills, feelin' hot for real, for real  
Take that shirt off, take that skirt off  
'Cause my dick is hard and your ass is soft  
Now that's a freaky combination  
And freaky conversations leads to freaky situations  
Like me tastin' your sexuality  
Sexy, you ever took extasy?  
And have you wildin' in a club, smilin' at a thug  
Express your hugs with one fuckin' all of us  
That's right we freakin' off for life  
Pass the OJ, we gettin' high tonight  
On extasy, I wanna fly  
And bring ya sex in me, I feel right  
Extasy, I'm flyin high  
When ya sex in me I feel right  
Extasy, I'm gonna fly  
And when ya sex in me I feel right  
Extasy, I'm flyin' high  
And when ya sex in me it's so right  
Deutsche, Deutsche, before I start the Porsche  
I keep them pumpin' off the Calvin Kleins, Boodo's and the Nike swoosh  
And party saggin' like two loose socks  
Invest the money in stocks, we gettin' the orange juice crops  
We ready to get outta hear, disappear  
The bitch get like David Copperfield when she pop a pill  
Wanna do it in the high heels on top of a high hill  
'Cause my nigga ain't tryin' to run up then I will  
Hit it from behind that's how I party wit mines  
Man we up all night fuckin' by the Hollywood sign  
Yeah, got smacked up, every time she backed up  
Didn't know there was room in the back of the lack truck  
I pass her the job then he passed it back  
Told my girl to find a Magnum raps, bitch  
You need a shoe shine job, the way you polish a knob

Backstage, panties down, eatin' dick, goodbye bitch

I don't wanna control ya

Just wanna make ya mine

And when your life's outta order

Just have a good time

Extasy, I wanna fly

And bring ya sex in me, I feel right

Extasy, I'm flyin' high

When ya sex in me I feel right

Extasy, I'm gonna fly

And when ya sex in me I feel right

Extasy, I'm flyin' high

And when ya sex in me it's so right

Yeah bitch, c'mon
