

# Before I Die

## We Are the Ocean

Could you be all you could be?  
Do you feel the same as me?  
Could you say in the end?  
It could've been better but you would do it all again,  
but, honestly I can say that I do it my own way, Take the time to enjoy all the moments,  
Don't waste your life, next thing it's all over,  
Before I die, I'll make sure I'm alive. Be free tonight,  
And all this is closer than you hold your heart,  
It's sad I know,  
Be the best nothing less and don't forget who you are,  
But, Honestly I can say that I did it my own way,  
If I had a second chance there's nothing I would change,  
Take the time to enjoy all the moments,  
Don't waste your life, next thing it's all over,  
Before I die, I'll make sure I'm alive. Take the time to enjoy all the moments,  
Don't waste your life, next thing it's all over,  
Before I die, I'll make sure I'm alive.  
Take the time to enjoy all the moments,  
Don't waste your life, next thing it's all over,  
Before I die, I'll make sure I'm alive. Take the time to enjoy all the moments,  
Don't waste your life, next thing it's all over,  
Before I die, I'll make sure I'm alive
