

# Sierra Lift

## Blue Hawaii

Someone come and lift me out of here  
I just wanna go to sleep  
There's a whisper in my ear  
Someone come and lift me out of here  
I just wanna go to sleep  
This is something you can be  
Someone lift me out of  
Safe in your arms, safe in your arms  
Someone lift me out of here  
Lift me off  
Safe in your arms, safe in your arms
